TIRE SOFTENING OR ALTERING

1. No heating, soaking, softening, grinding, buffing, or changing the composition and character of tire allowed.
2. A minimum durometer reading will be determined and checked.

Failure to meet minimum durometer reading will result in disqualification from event.

TIRE PURCHASE & RULES

1. **All tires must be purchased from Hawkeye Downs Speedway.**
2. Tires may be purchased on pre-season "tire day," Wednesday night practices, and race nights.
3. On designated pre-season tire day, each registered team may purchase up to eight racing tires that will be entered into your team race tire inventory. Any unpurchased tires from the original eight will be "banked" for later purchase and may be bought at any time during the racing season.
4. Teams may purchase only 1 tire per week (plus any you may have "banked") starting week 2.
5. Serial Numbers of tires purchased will be recorded.
6. **4 used tires from 2009 (LM Only) that have been previously registered at Hawkeye Downs may be used in 2010. Those 4 used tires (unmounted) must be seen and approved by the Chief Tech Inspector before opening night.**
7. **The other new tire option is, if you chose to "bank" 1 tire by not accepting a new tire in week #2, you then may buy 2 new tires in week #3, and then no new tire in week #4, and then 2 new tires in week #5, etc. You can't bank a tire more than 1 week. If you miss a week, you will lose any "banked" weekly tire.**
8. Race teams will not get extra tires for competition, no matter the circumstances.
9. There is no provision to replace tires damaged at the track with new tires. **SAVE YOUR USED TIRES!**
10. If a team elects to sell or give used tires to another team, both teams must notify the Chief Tech Inspector. Used tires given to another team (with the Chief Tech Inspector permission) must stay with that team, and will continue to count toward total of original owner. Used tires will go against the total of the new user.
11. **"Opening Day" race tires will be allowed as used tires at Hawkeye Downs Speedway as long as tire was purchased through Hawkeye Downs Speedway and completed at least one (1) heat event.**
12. Teams or "show cars" racing after "opening night" still must meet the 1 new tire rule. You are responsible for finding 3 used Hoosier racing tires. All used tires must have readable Serial Numbers from Hoosier and must also pass a **pre-practice** and post race inspection.
